Vaidyanathan, Chairman and Managing Director ("hereinafter referred as **CMD**"), under the CMD Stock Option Scheme 2014 formulated as per SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999. As explained later in this note, the Board decided that given his exceptional track record and proven leadership skills, his continued commitment over a long run is critical for the success of the company. The pricing of the options are at a significant premium to the market to ensure that he creates substantial shareholder value before availing of the benefits. The Compensation and Nomination Committee of the Board and the Board of Directors at its meeting held on April 02, 2014, had considered, recommended and approved the said CMD Stock Option Scheme – 2014, for approval of the shareholders.

Mr. V. Vaidyanathan, Chairman & Managing Director brings to the company a rich experience of building many large businesses in

NOTICE (CONTD.)

the finance industry for over two decades. He joined ICICI Bank in early 2000 and was one of the key management responsible for transition of the then ICICI Limited from a Domestic Financial Institution (DFI) to a Universal Bank. He has the experience of launching most of ICICI bank's retail businesses since its inception in the year 2000 and built ICICI bank into a large retail powerhouse in the country with Assets of over USD 30 Billion in consumer credit, including Mortgages, Auto financing, Commercial Vehicles Financing, Construction Equipment Financing, personal loans, other and credit cards, and took the bank to market leadership. He also built a network of 1,400 ICICI Bank branches across 800 cities, built a vast deposit base including Savings Accounts, Current Accounts, Internet Banking, and a franchise of 25 million customers. He also built the SME business since 2003 and Rural Banking Business since 2007 for the bank. He is an influential and respected voice in financial circles in India.

His contribution has been recognized by way of many domestic and international awards including Best Retail bank in Asia 2001, "Excellence in Retail Banking Award" 2002, Best Retail Bank in India 2003, 2004, and 2005 from the Asian Banker, "Most Innovative Bank" 2007, and was nominated "Retail Banker of the Year" by EFMA Europe for 2008 and 2009. He is an alumnus of Birla Institute of Technology and Harvard Business School.

Contribution at Capital First:

1. Mr. Vaidyanathan joined Capital First in 2010 for an entrepreneurial role with work experience of twenty years, of which 10 years were with Citibank, and 10 years were with ICICI Group in a senior position.
 2. During the last 4 years that he has been with Capital First, he had provided exemplary leadership and had substantially improved every parameter of health of the company. He has built Capital First into a company with a strong foundation and five strong pillars-people, technology, culture, funding lines and lending business lines.
 3. **Lines of Businesses:** In 2010, the company largely had a business of wholesale financing, including promoter financing and real estate financing. Since then, he has launched and built many new lines of businesses including Mortgages, Consumer Durable Financing, Gold Loans and Two wheeler Loans.
 4. **Asset composition:** In 2010, the loan Assets under Management was less than ₹ 1,000 crore in 2010, and he has grown the AUM to over ₹ 9,600 crore by March 2014. Less than 10% of the loan book was in retail financing, which has grown to 81% by March 2014.
 5. **Asset quality:** In March 2010, the Gross NPA and Net NPA was at 5.4 % and 3.8 % respectively. Since then, the credit quality of the portfolio has continuously improved and the Gross and Net NPA as of March 31 2014 had been reduced to 0.45% and 0.08% respectively under his leadership.
6. **Funding Lines:** One of the key raw materials for an NBFC is the availability of abundant funding lines at competitive rates of interest. The company had lines of credit of only ₹ 583 crore, which were raised at interest rates of 14.0% – 14.5% p.a. As of March 2014, the company enjoys large lines of credit of over ₹ 9,000 Crore with low rate of interest of under 10.5%, and these lines of credit have been raised under his leadership. In 2010, the company had lines of credit from 5 institutions. By 2014, the company has diversified its lines of funding from over 102 Institutions (27 banks, 15 Mutual Funds, 58 Provident, Superannuation and Gratuity Funds and 2 Insurance Companies). Even though the Company has a short vintage of existence, the line of credit were raised by the Company at attractive rates of interest and reduced borrowing rates to 10.44% p.a., which is among the lowest rates compared to other NBFCs in India.
 7. **Credit Rating:** One of his key contributions was to be able to inspire confidence in external Credit Rating agencies of the company. In 2010, the credit rating of the company was A+. Despite the macro-economic context, the long term company was upgraded 3 notches within 3 years from A+ to AA+, such significant upgrades for long term credit is unprecedented for an NBFC in India and represents the confidence of rating agencies in the experienced management, conservative asset liability portfolio, stable lines of businesses and strong parentage. To put this achievement in perspective, the rating achieved for instruments issued by the company within 3 years is the same as the rating of long term credit instruments issued by reputed nationalized banks like Central Bank of India, Allahabad Bank, Corporation Bank, Bank of Maharashtra and Syndicate Bank with thousands of branches and many decades of banking behind them.
 8. The above performance was particularly commendable when seen in the light of the fact that the company was in its infancy, and the company faced many headwinds during this period 2010-2014. During this phase, a number of reasons peculiar to the company, as well as general monetary and economic conditions were adverse, as described below:
 - a. **Monetary Policy Tightening :** Between 2010 to 2014, the monetary policy continuously tightened, the RBI raised Repo rates for a record 16 times during this period, and additionally tightened money supply to cool inflation. For an NBFC, the critical raw material is to raise deposits to fund its growth, and raising lines

NOTICE (CONTD.)

of credit is more difficult in the initial life-stage of the company, and in the midst of a monetary liquidity tightening phase.

- b. **Economic Slowdown:** Also, between 2010 - 2014, the economic activity continuously slowed down in India with GDP growth rates gradually slipping from 8.5% in FY10, to 9.3% in FY11, to 6.3% in 2012, to 5.0% in FY13, to 4.8% in FY14.
- c. **Stake sale by extant promoters:** To compound issues, in July 2011, news broke out that the existing promoters were looking to sell their stake in the company. This led to continuous speculative media reports for over a year, about the future ownership of the company which led many financial institutions to hold back lines of credit for the company and existing lenders were uncertain to roll over lines of credit, which led to acute crisis at the Company. Similarly, prospective business partners and employees were uncertain about the company. Even during this uniquely trying period, he continued to grow the company, raised additional lines of credit by over ₹ 4,000 crore and even managed to reduce borrowing rates considerably by 200 bps. He interfaced with prospective investors, and under his leadership company was able to secure equity investment of over ₹ 800 crore from the Global reputed private equity firm Warburg Pincus.

In other words, the company had faced unprecedented challenges during this period, and he had taken the company to a strong position which talks of his admirable leadership qualities. More recently, the company successfully raised ₹ 178 crore by way of preferential allotment of shares to Cloverdell (WP) and to HDFC Standard Life Insurance Company Ltd. at a premium of 13% over the average 1 month's closing price with specific reference to Relevant Date viz. 26th February, 2014.

Mr. V. Vaidyanathan has been entrusted with the responsibility of building Capital First into a large Financial Institution with diversified, stable and sustainable stream of earnings. The company has ambitious plans to build assets of over ₹ 25,000 crore by FY19. He needs to achieve the above in an intensely competitive market, where established players like a large number of banks and financial players are already present in these businesses.

The reputation, track record, and experience of the leader is critical in receiving support of the financial markets both for raising equity at the required intervals

as well as to raise debt funds for growing the loan book. Further, building and managing the asset book would be a challenging task. He has to launch and scale a number of retail businesses with growth potential. He has to develop people, systems and infrastructure for the same. The company will also need to maintain the high credit rating enjoyed by it, and confidence of Credit Rating agencies is essential for the company in this journey.

Even as compared to running large established institutions, building a financial services company is particularly difficult in the early stages of its life. The presence of a stable and well respected leader with proven track record is essential for this purpose. His vast experience over two decades and strong track record with earlier organizations will be critical in achieving the above. Further, maintaining high credit quality, and managing the company across business cycles will require specialized skills and leadership. More over his new role at capital first as discussed earlier in this note is of the highest order.

In the light of the ambitious goals for the next 5 years, the company would need to be steered in the right direction in terms of business lines, systems, technology, people, culture and ethics. It is, therefore, necessary to provide him with ownership in the future prospects of the company to ensure his continued commitment to the longer term success of the company. The CMD was not been granted any stock options in FY 13 and FY 14. The options proposed to be issued in FY 15 to him at ₹ 207 a share, is a premium of 46% over the last 3 months closing price of the company, as on the date of the Compensation & Nomination Committee and Board Meeting i.e April 02, 2014 wherein the CMD Stock Option Scheme - 2014 was approved. The substantial premium on option pricing would ensure that he would need to outperform and create significant shareholders value over the hurdle price of ₹ 207/- , which in turn will lead to significant value creation for shareholders, in order to avail the rewards. Further to encourage his continuity, as per the terms of the Options Scheme, the stock options would vest equally over the next 4 years. Further for the same reason he would not be able to exercise any options until 5 years from the date of the grant, which would ensure he would be required to provide leadership for a long term to avail the rewards of his performance. In recognition of this objective it was proposed that 65,00,000 Stock Options at ₹ 207 per Equity Share be offered to Mr. V. Vaidyanathan.
